

# EM3H SPOT LED

IP40

CLASS II

C E

## FEATURES & BENEFITS

- > Self-contained energy efficient LED downlight that can be either recessed or surface mounted.
- > 3hr non-maintained operation
- > Supplied with a clip-in wide angle lens (for open areas) and asymmetric lens (for corridors and escape routes)
- > Lithium Iron Phosphate (LiFE) battery ensures long life without the thermal concerns associated with Nickel Metal Hydride battery technology.
- > Automatic self-test function
- > DALI addressable

## PERFORMANCE

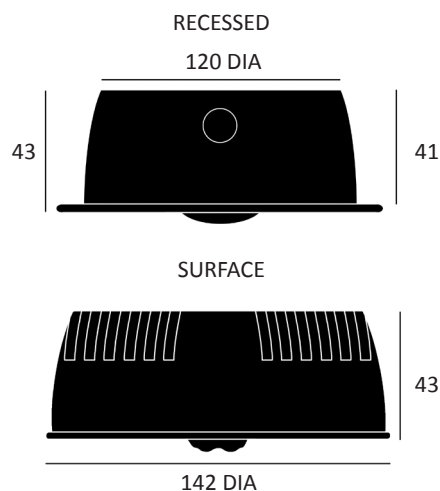

Light source	LED (Nichia)
Luminaire output	260lm (max)
Battery recharge	<24 hours
Rated voltage	220-240V AC
Battery discharge current	370mA (nominal)

## MATERIALS

Body	Fire retardant plastic
Finish	White / Black
Diffuser	Recessed / Surface

## OPTIONS

- > LSOH cables

LAMP	FINISH	DALI
3W	White	82500103
3W	Black	82500403
